

MITCHELL DUBIN

Montevallo, AL | (941) 549-1751 | mitchdubs626@gmail.com

PROFESSIONAL SUMMARY

Experienced plant technician and former Navy electrician with strong skills in PLC programming, VFDs, and troubleshooting everything from low-voltage controls to 480 VAC systems. I work well alone and while leading a team, and I bring the same attention to detail whether I'm on the shop floor, filing paperwork, or programming. Strong work ethic and a track record of keeping complex equipment running.

WORK EXPERIENCE

Electronics Technician

Nucor – Birmingham, AL

2024 – Present

- Maintain and repair electronic control systems in a high-volume steel mill environment.
- Program and troubleshoot VFDs and PLCs to minimize production downtime.
- Diagnose electrical issues across low-voltage DC to 480 VAC equipment.
- Repaired, maintained, and troubleshot high-voltage DC motors and AC overhead cranes.
- Apply mill-specific knowledge to solve problems fast and keep heavy machinery running safely.
- Operate scissor lifts, boom lifts, and forklifts for maintenance and repairs.

Plant Electronic Technician

Ball Corporation – Kent, WA

July 2019 – 2024

- Installed, repaired, programmed, and removed VFDs on production lines.
- Handled basic PLC programming and troubleshooting with Siemens 505 Workshop and Allen-Bradley RSLogix.
- Diagnosed and fixed a wide range of equipment issues, from low-voltage DC to full 480 VAC systems.
- Used detailed plant-specific knowledge to troubleshoot problems quickly and keep lines running.
- Troubleshoot, correct, and upgrade automation logic, fluent in RSLogix, Siemens Step-7, and Fastrack 505.

Electrical Assistant

Electric Boat – Bangor, WA

October 2018 – December 2018

- Assisted in the electrical restoration of submarine SSBN 731 at Delta Pier.
- Worked with conduit, cable routing, ESOMS documentation, and WAF procedures.

Mobilization LPO

Bremerton, WA

January 2018 – April 2018

- Collaborated with managers to build and roll out policies and procedures.

- Investigated and resolved customer and shipper complaints.
- Guided Naval Reservists through all mobilization requirements, kept in touch while they were deployed, and helped them transition back to civilian life.

Admin Clerk

Bremerton, WA

February 2017 – January 2018

- Maintained accurate records using both paper logs and computer systems.
- Handled general office duties — typing, sorting mail, operating equipment, and filing.
- Classified and scanned incoming materials, then answered questions about records and files.
- Performed routine file audits and removed outdated documents as per guidelines.

Electrician's Mate

Bremerton, WA

May 2013 – February 2017

- Connected and repaired wiring, equipment, and fixtures using hand and power tools.
- Tested circuits and systems with ohmmeters, voltmeters, and oscilloscopes to ensure safety and compliance.
- Worked on equipment across all voltage ranges, up to 4160V load centers and microprocessor-based systems.
- Inspected electrical systems for hazards, trained junior sailors, and advised leadership on operational risks.

Nuclear Power Operator

Goose Creek, SC

March 2011 – May 2013

- Monitored nuclear reactor systems, diagnosed abnormalities, and took corrective action.
- Completed intensive 18-month training in AC/DC circuits, motors, generators, logic functions, and advanced electrical equipment.
- Recorded test data and followed strict safety and decontamination procedures.

EDUCATION

Bachelor of Science in Information Technology

Western Governors University

Currently Pursuing (in progress)

Prew Academy, Sarasota, Florida

High School Diploma, June 2008

Graduated Valedictorian after completing high school in three years.

Naval Nuclear Propulsion Training Command

Graduated from Nuclear Electrician Basic Training and Naval Nuclear Power School.

CERTIFICATIONS

- Google IT Support Professional Certificate | 2026

ADDITIONAL SKILLS

- Naval Security Forces trained; served as Chief of the Guard leading watch-standing teams
- Drug and Alcohol Program Advocate – helped maintain a fit and ready workforce
- Proficient with Microsoft Office (Word, Excel, PowerPoint) – created clear documents and spreadsheets
- Advanced First Aid certified (AHA and Red Cross)
- Motorcycle Coordinator – trained new riders and helped reduce accidents
- Strong supervisor — directly engaged team members and tracked project status
- Fluent in Python, JavaScript, and SQL.
